FRS Investment Plan Enhanced Home Page

The FRS Investment Plan Home Page design is being enhanced to create a simple, personal, and connected experience. One that is visually clean, easy to navigate, and understandable.

New Enhanced Home Page

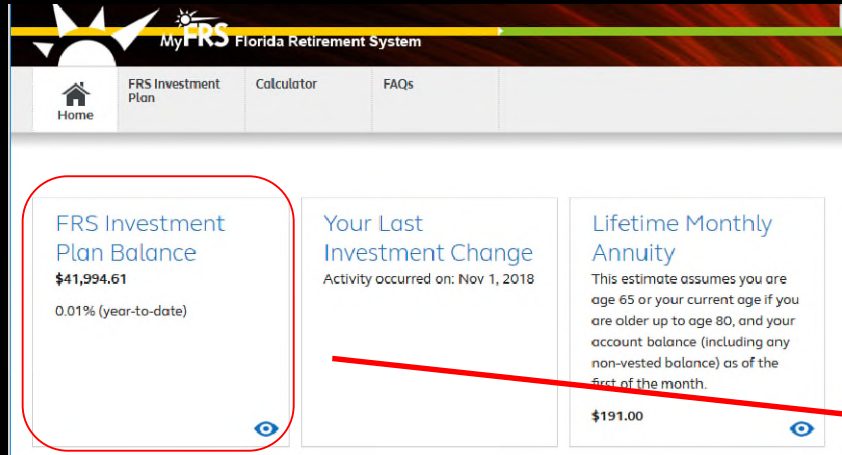

Key home page components:

1. Mega-menu drives easy access to destinations site-wide.
2. Promotions: Data-driven, personalized, prominent calls to and prioritizes your “next best action”.
3. Shortcut cards: Frequently accessed destinations are prioritized and served up via shortcut cards that display based on what users have available; and can be pinned for additional flexibility.
4. Data cards: Feature the most important data prominently on the home page.
5. Updated header and footer: Provides additional navigation, supports accessibility.

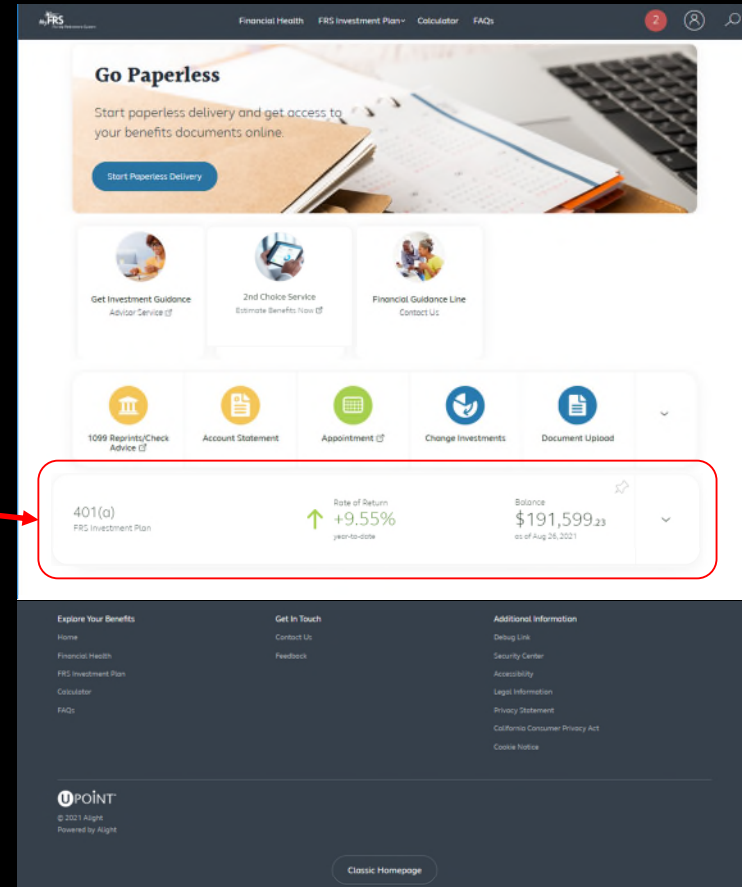

Additional considerations:

- All content is responsive for optimized viewing via desktop as well as mobile device browsers.
- Home page components are configurable to meet your needs.

Shortcut Cards

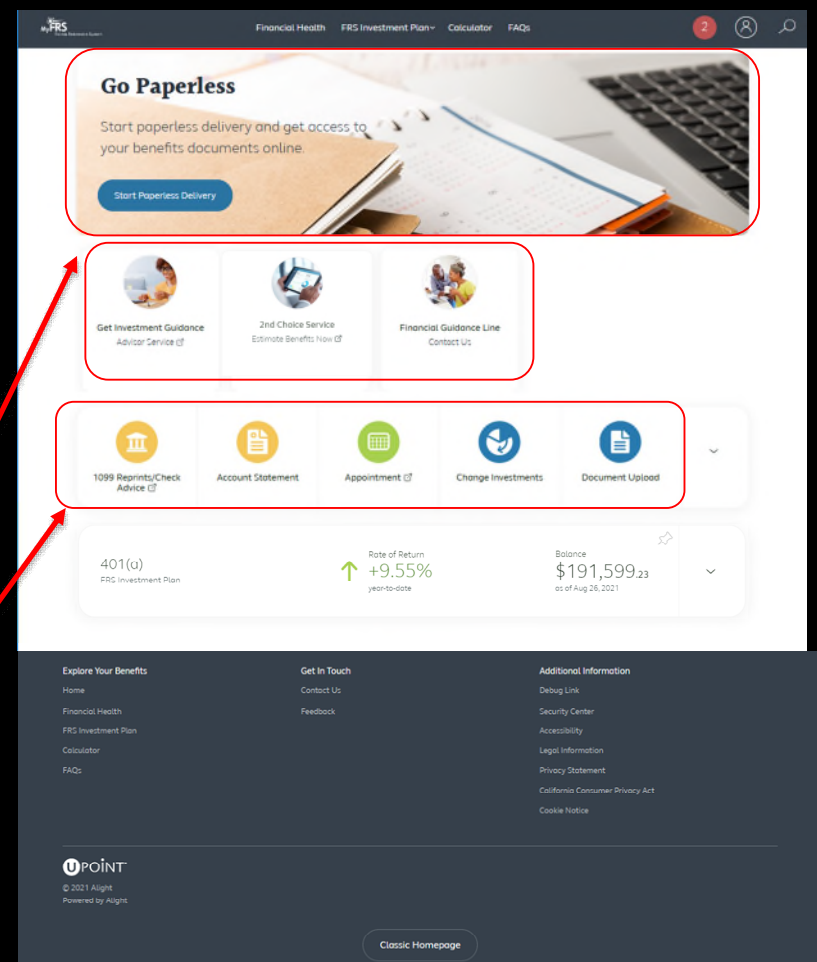

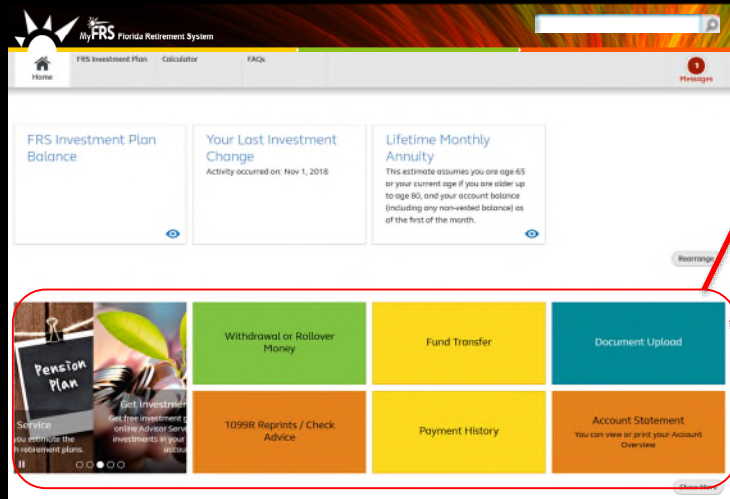

- Balance information will become a larger shortcut card

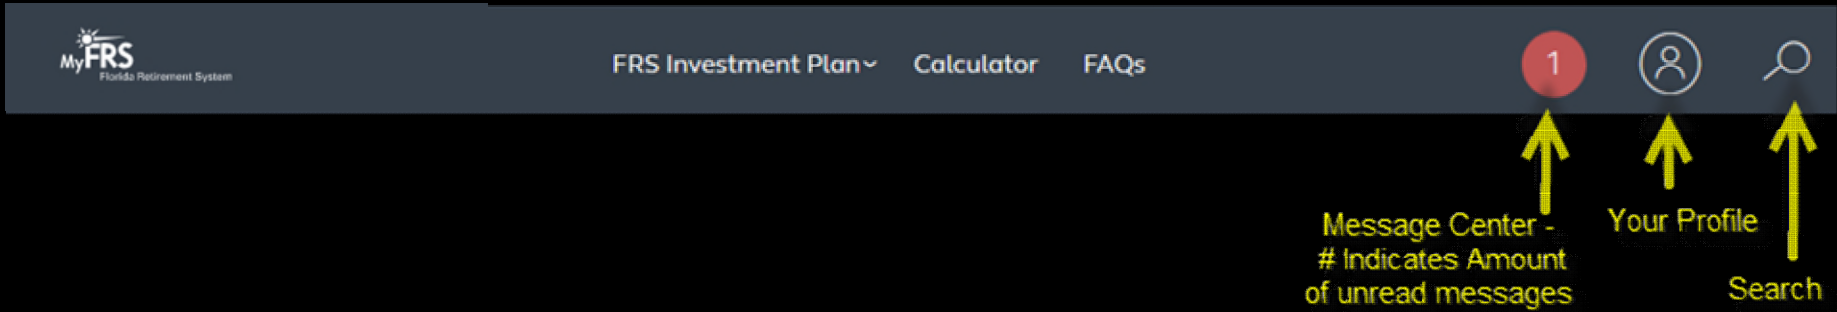

Home page tiles

- Home page tiles map to:
 - Header
 - Promotions
 - Shortcut cards

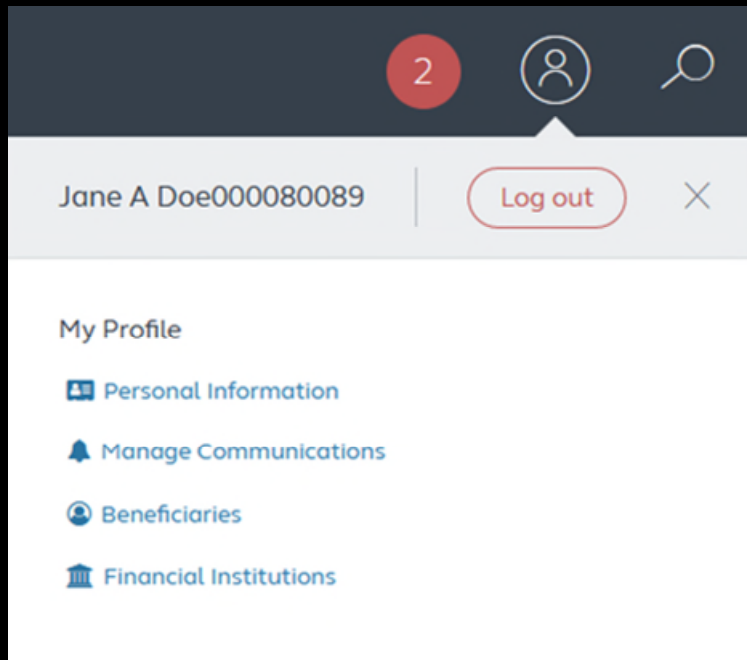

Mega-Menu Header

- Header will be more streamlined, making important information easier to find.

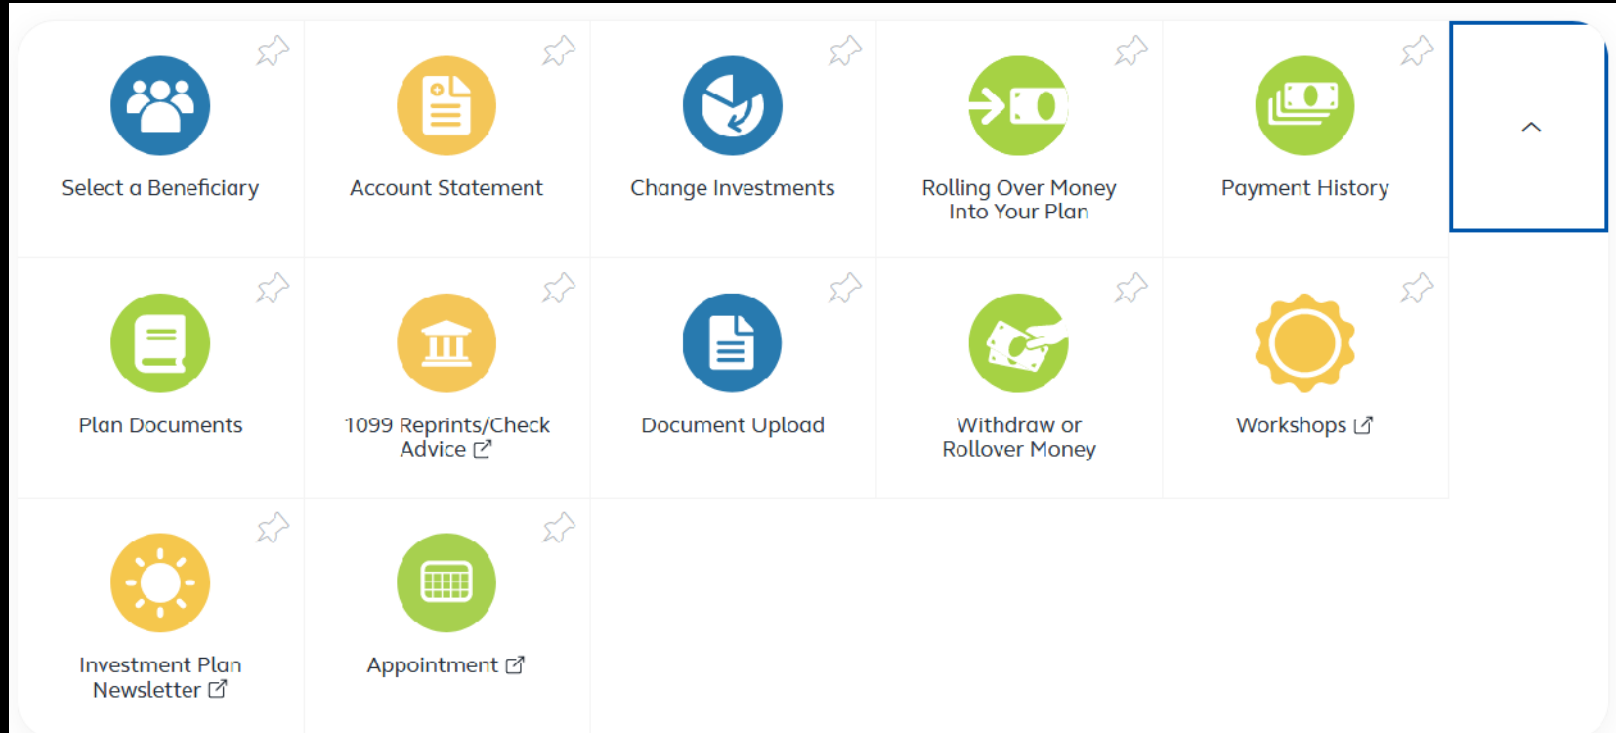

Your Profile (Fly Out Menu)

When hovering over the Your Profile Icon, this Flyout Menu will appear

Easy Access to Account Information

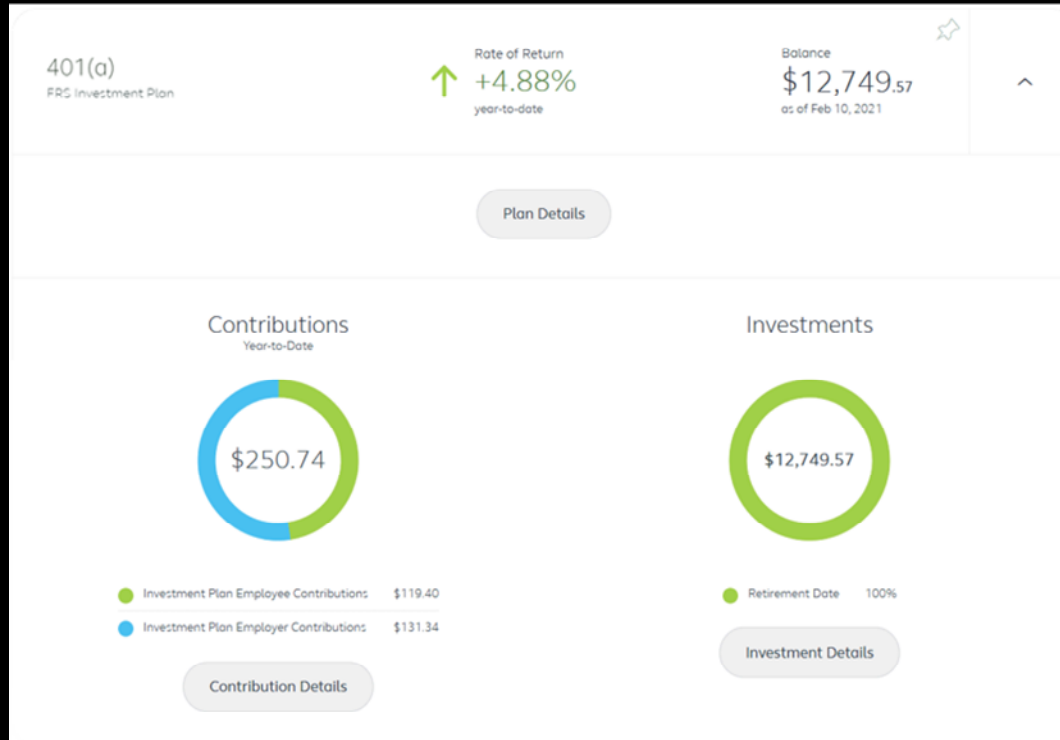

- The shortcut cards below have been organized based on how often they are used and are visible based on eligibility. To prioritize a shortcut card to the 1st spot click on the tac in the top right corner.
