FRS Rolls Out Improved Advisor Service and Choice Service

Effective April 2, 2018, the FRS rolled out an improved online Advisor Service and Choice Service for all FRS employees. Both services are available to you at no cost by logging in to *MyFRS.com*.

The Advisor Service simplifies retirement planning. The Advisor Service provides you with personalized, professional advice on how to allocate investments in your Investment Plan account and most other non-FRS retirement accounts. You can also use the service to estimate your retirement benefit and compare scenarios to help you make decisions about your future. To learn more about the Advisor Service, visit MyFRS.com and click “Members,” and then the “Advisor Service” tile.

The Choice Service can help you with your 2nd Election. In addition to helping new members make their initial retirement plan election, the Choice Service can help you decide whether to use your 2nd Election. Your 2nd Election is your one-time opportunity to change from one FRS retirement plan to the other. The Choice Service works by letting you compare benefit estimates from both plans. These estimates are customized, based on your assumptions for salary growth and age at retirement.

If you have any questions on these services, please call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 2 (TRS 711).

New Manager Added to Retirement Date Fund Mix

To add diversity to the FRS Retirement Date Funds investment mix, a commercial real estate manager was recently added. This change was made with guidance from an outside investment consultant. Retirement Date Fund fees have increased slightly as a result of this addition. For more information on the new composition of the Retirement Date Funds, please review the **Retirement Date Funds** brochure available in the “Investment Funds” section on *MyFRS.com*.

Legislative Update

House Bill 5007, passed by the Florida Legislature during the 2018 session, changes employer contribution rates in the Florida Retirement System (FRS), effective July 1, 2018. There was **no change to the total amount paid into your Investment Plan account or to the 3% contribution rate you pay**. The Investment Plan contribution rates will remain the same.

For more information, visit MyFRS.com and click “Alerts & Hot Topics,” then “2018 Legislation.” Or call the MyFRS Financial Guidance Line toll-free at 1-866-446-9377, Option 2 (TRS 711), between 9:00 a.m. and 8:00 p.m. ET, Monday through Friday, except holidays.

Quarterly Fund Performance Summary

The Quarterly Fund Performance Summary gives you a quick update on the performance of the Investment Plan's investment funds. Before you select any investment funds, you should also review the fund profiles, the Investment Fund Summary, and the Annual Fee Disclosure Statement posted in the "Investment Funds" section on *MyFRS.com*. The asset class descriptions below are general in nature and should not be relied on as your sole source of information regarding these funds.

Asset Class

An asset class is a group of similar investments whose values react in the same basic way to changes in the economy. The Investment Plan's funds are spread across five asset classes: money market funds, multi-assets funds, bond funds, U.S. stock funds, and foreign and global stock funds. There can be a risk in holding a large portion of your account balance in a single fund or asset class. According to investment experts, a good mix of investments (a strategy known as "diversifying") can help you control your risk and improve your returns. Additional information about investing and diversification can be found on the U.S. Department of Labor's website at dol.gov/ebsa/investing.html.

Money Market Funds

These funds invest in short-term securities (financial instruments or obligations) that are high-quality and can be sold quickly with little loss of value. The funds have limited risk of declining in value; however, over the long term, returns have been modest and may not keep pace with inflation. Money market funds are not FDIC-insured or guaranteed.

Multi-Assets Funds

These funds invest in a diversified array of assets that may help offset inflationary pressures. These assets include but are not limited to U.S. Treasury inflation-linked securities, commodities, real estate investment trusts, gold, and other securities. The funds seek long-term real (net of inflation) returns to preserve the future purchasing power of accumulated assets. You could lose money over short or long periods by investing in this fund, and returns may not keep pace with inflation.

Bond Funds

These funds invest primarily in bonds, which are like IOUs: a company or government agency borrows money and pays it back with interest to the bondholder (the entity making the loan). The quality of a bond is reflected in the credit rating of the company or agency that issues the bond.

The short-term risk of bond funds is relatively low; however, over time, the value of a bond is affected by interest rates, inflation, and other factors. When inflation or interest rates go up, the value of bonds goes down because they pay a fixed rate of interest and the market may see other investments as being more attractive. Therefore, bonds and bond funds don't always protect the value of your retirement savings against inflation.

U.S. Stock Funds

These funds invest primarily in equity shares or stocks issued by U.S. companies. The short-term risk of stocks has been much higher than bonds. However, over longer periods of time, stocks have generally experienced higher returns than bonds, which is one of the main reasons that stocks are typically recommended for retirement investing. Some risk is necessary to achieve long-term investment growth.

Foreign and Global (Foreign and U.S.) Stock Funds

Foreign stock funds invest primarily in equity shares or stocks issued by foreign companies in stock markets outside the U.S. Compared to U.S. stocks, foreign stocks are affected by additional risk factors, such as foreign laws and regulations, differences in accounting practices, political risk (foreign governments are sometimes unstable), and currency risk (differences in the relative value of domestic and foreign money). Global stock funds invest in both U.S. and foreign stocks.

Over the long term, foreign and global stocks have not experienced as high a return as U.S. stocks, but they have provided diversification benefits.

Retirement Date Funds

Each Retirement Date Fund is a diversified portfolio of FRS Investment Plan investment managers and uses an asset allocation concept called "target date funds." The mix of funds in each Retirement Date Fund is based on the amount of time you have before retirement, and the mix gradually changes as you approach retirement. This gradual change follows a careful investment strategy called a "glide path." Each Retirement Date Fund's glide path was developed for the FRS by a global investment consulting firm and a fiduciary to the FRS. Retirement Date Funds don't fall into just one asset class. They invest in multiple asset classes, which makes them good for "one-stop shopping."

Self-Directed Brokerage Account

The Self-Directed Brokerage Account (SDBA) does not fall into any single asset class. That's because the SDBA allows you to invest in thousands of different investments in addition to the Investment Plan's primary investment funds. The SDBA is not suitable for all members, and you assume the full risk and responsibility for the investments you select. Additional information on the SDBA is available in the "Investment Funds" section on *MyFRS.com*.

Strategy

Passively managed funds try to match the returns of a market index (such as the Russell 3000 index) by buying and holding the same securities as the index they're trying to match. Actively managed funds try to beat a market index.

Annual Fees

These are the current fees the fund charges to cover its management, operating, and marketing expenses. These fees are based on a percentage of your account balance and they are deducted from your account balance. The fees shown are based on a \$1,000 investment in that fund.

Long-Term Fees

The total fees that would be charged for a \$1,000 investment held for 10 years, based on current annual fees.

Performance Benchmark (PB)

A performance benchmark allows you to see how well the fund is doing relative to the performance of the market sector it is trying to beat. Note that index funds are designed to approximate the returns of their benchmarks. Benchmarks do not have costs.

Total Index

A total index is a combination of all the market benchmarks in each market sector and is based on the asset amounts of each fund in each market sector.

¹ The performance information presented reflects past performance, which is not necessarily an indication of future performance. The most recent quarter, 1-, 5-, and 10-year performance returns are shown. The following applies to "FRS" labeled funds with an inception date of 7-1-2014: 1) the 5-year history, if available, is considered the return since inception; and 2) 1-year and 5-year historical performance is based on the target weight of the underlying managers/funds that would have been in place if the funds had been in place during these time periods.

² Fees and expenses are only two of several factors that you should consider when making investment decisions.

³ Not annualized.

⁴ The FRS 2060 Retirement Date Fund was initially open for investments on July 1, 2017. Past performance shown is for the FRS 2055 Retirement Date Fund which has the same investment allocations.

All Investment Plan funds (except the FRS Money Market Fund) are subject to the Excessive Fund Trading Guidelines, which may limit your ability to make investment changes. The Guidelines are available on the "Investment Funds" page of MyFRS.com.

This Performance Summary is intended for use in connection with the FRS Investment Plan, pursuant to Florida law, and is not intended for use by other investors. Sections 121.4501(8)(b)4 and 121.4501(15)(b), Florida Statutes, incorporate the federal law concept of participant control, established by regulations of the U.S. Department of Labor under Section 404(c) of the Employee Retirement Income Security Act of 1974. If you exercise control over the assets in your Investment Plan account, including the Self-Directed Brokerage Account, pursuant to Section 404(c) regulations and all applicable laws governing the operation of the Investment Plan, no program fiduciary shall be liable for any loss to your account that results from your exercise of control.

Be Careful About Granting Outsiders Access to Your SDBA

The Self-Directed Brokerage Account (SDBA) is designed for members who want direct control over their retirement investments. But, with thousands of investment options, most SDBA members need help. If you're getting outside help with an SDBA, or you're thinking about it, keep these tips in mind.

- **Be cautious about providing a third party direct access to your SDBA.** This can involve sharing sensitive information, such as your PIN, User ID, and Password. It might also give someone the ability to buy and sell investments on your behalf. This presents security risks, and you would be solely responsible.
- **Closely monitor your Investment Plan account.** Review trades made on your behalf, check for any unauthorized distributions, and keep an eye on management fees.

If you have any questions, please call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 2 (TRS 711).

Free Financial Planning Workshops and Webcasts

Workshops are free and unlimited for FRS-covered employees. You can attend in person in Tallahassee or from anywhere by webcast.

July 11	Using the FRS to Plan for Retirement	10:00 a.m. to Noon
July 11	Taking Control of Your Finances ¹	1:00 to 3:00 p.m.
July 12	Nearing Retirement in the FRS	10:00 a.m. to Noon
July 12	Understanding the FRS Investment Plan ²	1:00 to 3:00 p.m.
October 2	Using the FRS to Plan for Retirement	4:30 to 6:30 p.m.
October 2	Investment Planning ³	7:00 to 9:00 p.m.
October 3	Nearing Retirement in the FRS	4:30 to 6:30 p.m.
October 3	Protecting Yourself and Your Loved Ones ⁴	7:00 to 9:00 p.m.
ALL TIMES ARE ET		

¹ Formerly "Cash and Debt Management."

² Formerly "FRS Investment Plan: Understanding Your Benefits."

³ Combines "Investment Planning for Everyone — The Basics/The Details."

⁴ Combines "Insurance Planning" and "Estate Planning."

To Register

By phone: 1-866-446-9377, Option 2 (TRS 711)

Online: <http://tinyurl.com/zrsh8r6>

Select "Attend a Workshop," then "A WEBINAR" under the "County" drop-down box. (Be sure to select "A WEBINAR" and **not** the county you live or work in.)

Beneficiary Designation Reminder

Please review the beneficiary(ies) listed on your enclosed quarterly Investment Plan Account Statement to ensure the designation is correct. You can change your beneficiaries by logging in to *MyFRS.com*. (Go to Investment Plan > Personal Information > Beneficiaries.) Or, complete an FRS Investment Plan Beneficiary Designation Form (IPBEN-1), which is also available online. You can also update your beneficiaries by calling the FRS Investment Plan Administrator at 1-866-446-9377, Option 4 (TRS 711).

3 Ways to Get Free Financial Planning Help

The FRS has contracted with EY to provide you free, unbiased financial planning and counseling services. EY does not sell any investment or insurance products, so their only goal is to help you. Here are three ways to start taking advantage of these services today.

- 1. Phone.** Call the MyFRS Financial Guidance Line toll-free at 1-866-446-9377, Option 2 (TRS 711), between 9:00 a.m. and 8:00 p.m. ET, Monday through Friday, except holidays.
- 2. Live chat.** To use live chat, visit MyFRS.com, click "Chat," and answer a few questions to confirm your identity. Your chat transcript will be stored with your records. Be sure to complete the brief satisfaction survey that will be emailed to you to help us continue to improve our services. Live chat is available from 9:00 a.m. to 8:00 p.m. ET, Monday through Friday, except holidays.
- 3. Workshops and webcasts.** Workshops and webcasts are free and unlimited for FRS-covered employees. Turn to page 5 for dates and times.

EY is the only institution endorsed by the Florida Retirement System, Alight Financial Solutions, and Alight Solutions (the Investment Plan Administrator) to provide financial planning services to members.

Is Guaranteed Retirement Income Right for You?

Lifetime Income Guarantee

A lifetime income guarantee (offered by MetLife) lets you convert some or all of your Investment Plan balance into a stream of future payments that could last your lifetime.

For example, a lifetime income guarantee purchased at age 65 with \$100,000 of your FRS Investment Plan balance would pay you:

Single Life

\$537* monthly

payments for life beginning at age 65; upon death, payments would cease

OR

Joint & Survivor

\$452* monthly

payments for life beginning at age 65; upon death, payments of \$452* would continue to your survivor for life

To find out if a lifetime income guarantee is right for you, or to purchase one, call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 2 (TRS 711).

Qualified Longevity Annuity Contract (QLAC)

If you would like to defer receipt of your guaranteed monthly payments to a later age, you can choose a Qualified Longevity Annuity Contract (QLAC). Addition of a death benefit during the deferral period would decrease the monthly payments.

For example, a lifetime income guarantee QLAC purchased at age 65 with \$100,000 of your FRS Investment Plan balance would pay you:

Single Life

\$1,156* monthly

payments for life beginning at age 75; upon death, payments would cease

OR

Joint & Survivor

\$849* monthly

payments for life beginning at age 75; upon death, payments of \$849* would continue to your survivor for life

* Quotes are based on \$100,000 premium as of March 31, 2018 for a female aged 65. Joint & Survivor assumes the chosen survivor is a spouse aged 65. Your actual quotes may vary based on your individual data and other circumstances. Please note that other payment options and features are available.

Security Alert! Change Your MyFRS.com Login Password Regularly

Your MyFRS.com login Password must be changed every 180 days. Let your quarterly statement serve as your reminder. To change your password:

1. Log in to MyFRS.com with your current User ID and Password.
2. Move your mouse cursor over your name in the top-right corner and select "My Profile."
3. On the "My Profile" page, enter your current Password and your new Password, confirm your new Password, and select "SAVE."

If you need assistance in changing your password, please call the MyFRS Financial Guidance Line at 1-866-446-9377, Option 2.
